RE: Northwest Greenway Network, Route 3, Strabane

To Whom It May Concern,

As part of the above mention Road works, we will be undertaking construction of the new greenway path along the Derry Road from the A5 Barnhill Road to the Canal Street. In order surface the realigned road and footway and maintain safety of the public and construction personnel, a diversion route on the Derry Road between the A5 Barnhill Road to Canal Street from 7am Monday 1st February – 6pm Wednesday 3rd February.

Shown below are location maps highlighting the extents of the proposed diversion routes for road users. Local access only will be accommodated as far as possible. Diversions will be signposted for the duration of the works. Note that no through traffic will be permitted through the works. School access will be provided from the A5 Barnhill Road.

We understand that this requires local residents to use alternate routes and we appreciate your assistance on this matter in order to help deliver this scheme.

There will be a pedestrian diversion in place during the works and we would appreciate if you could follow the pedestrian diversion in place during the work period.

In the meantime, should you have any queries or concerns, please contact one of the following

- Grace Fox – +44 791 872 0560
- Paul McNulty - +44 777 699 8232

Information in relation to the North West Greenway project can be found on the following website <http://www.nwgreenway.com/>.

We understand that these works will be an inconvenience to all local residents during this period and we would like to apologise in advance for any inconvenience the works may cause.

Yours Faithfully,

Fox Building and Engineering Ltd.
